## A Q&A WITH LETICIA HSU

The Luxury Travel Guide spoke with Elysium Weddings founder *Leticia Hsu* to talk about the dream behind each wedding, the most unusual requests and expert advice for couples tying the knot.

### WHAT **INSPIRED YOU** TO SET UP ELYSIUM WEDDINGS?

My passion for weddings is what drives me; cheesy as it may sound I am the type of “bride” that had an idea of my dream wedding since I was playing with Barbie dolls, and by being a wedding planner I get to plan dream weddings over and over again! To me, every wedding is special because we try to project the couple’s personality into every wedding we plan. I love the challenge of trying to create something that projects the couple’s taste, personality and style.

### WHAT **SETS THE COMPANY APART** FROM OTHER WEDDING PLANNING SERVICES?

We put a 120% into every wedding we plan and we strive to convert clients into friends. As such, when a couple is interviewing us, we are also interviewing them because we feel that a wedding only becomes a dream wedding when the couple also enjoys the planning process and to us it is essential that we have a synergy with the couple to start off with. Like I always tell the bride when I meet her for the first time – you have to like me as a person, like my style and my personality. If not, it won’t work, because I will be your best friend for the next few months and you have to feel comfortable with me.

### WITH **SUCH A WIDE RANGE** OF OPTIONS AVAILABLE, HOW DO YOU HELP EACH COUPLE CHOOSE **THE RIGHT VENDORS** FOR THEM?

If possible, I try to sit down with them over a cup of coffee to gauge what their personalities are like; we talk about budgets and about what their priorities are. From there, I would be able to get an idea of which kind of vendors would suit them and then we start working on a mood board to start “painting” a picture of their dream wedding.

### WHAT IS THE **MOST UNUSUAL REQUEST** YOU’VE EVER RECEIVED?

For a beach wedding ceremony, the couple and their friends were really funky and outgoing so our brief was fun, fun and more fun. We created a storyline and adventures for the guests that were given to them as soon as they arrived (think *Fear Factor* vs. *Indiana Jones*) and for the ceremony they exchange an elephant and a spider (a real one!) instead of rings, each with its own meaning.

### WHAT IS THE **MOST IMPORTANT** PIECE OF ADVICE YOU CAN OFFER TO COUPLES PLANNING A WEDDING IN MALAYSIA?

Plan early! You want to enjoy your planning process and don’t want to rush. Be realistic with your budget; don’t expect to have a helicopter drop you off if you only have a budget for a bicycle! And finally, be prepared. In movies the weather is always perfect and the bride never sweats. In reality, you can’t control the rain and a tropical location means tropical weather.

# WEDDING SERVICES

At Elysium Weddings, the goal to fulfil every couple's wishes is combined with a personal approach and passion. The company is fully flexible and can be as involved in the planning stages as you wish; in order to best serve your needs, Elysium offer two wedding services, designed for both those who require minimal assistance and those who wish to fully take advantage of their wealth of knowledge and expertise.

## THE DAY OF CO-ORDINATION

Some couples are fortunate to have the time, energy and expertise to plan their wedding themselves. The **Day of Co-ordination** package is a way for such couples to put the time-consuming work and stress of planning behind them and instead focus on enjoying their big day – clients hand over the planning to Elysium Weddings one month prior to their wedding date, and those last few details will be expertly arranged by the Elysium team instead.

Day of Co-ordination services will ensure your wedding day runs smoothly, and includes final confirmation of all vendors, venues and the timeline of events (including final payments, revision and distribution of wedding day timeline to all vendors involved, on-site co-ordination and attendance of both the rehearsal and wedding day, collection of wedding gifts and left over wedding favours to be delivered to the bridal suite and executive decision making concerning any last minute issues. During the run up to the big day, the happy couple can guarantee unlimited phone and email correspondence with Elysium Weddings, whilst remaining safe in the knowledge that the day they have spent so long planning and dreaming about is being expertly handled.

## FULL WEDDING PLANNING

The most comprehensive option offered by Elysium Weddings covers the entire wedding planning process. **Full Wedding Planning** is broken down into five stages of planning and the company will be with you every step of the way to eliminate any stress that might threaten to ruin the excitement of your big day. Presented with an exciting array of different options and vendors, you will taste cakes, listen to music, discuss place settings and contemplate flowers; giving you enough options to make an informed choice, you can then sit back and let Elysium Weddings take care of the rest.

**STAGE ONE** – Elysium Weddings will begin by discussing your concept and theme and setting an agreeable budget. They will then begin to shower you with recommendations and ideas, source and compare quotes and begin to shape your wedding day timeline and preliminary guest list.

**STAGE TWO** – every idea and possibility (including the bridal car, designer and decorator, wedding attire, food and beverages, the wedding cake and the honeymoon) will be discussed, allowing your dream day to finally begin to take shape.

**STAGE THREE** – the company will offer their assistance organising the ceremony and reception, paying particular attention to the special touches that will make your day unique, such as out of town guest accommodation and transportation. They will also provide final confirmation of vendors.

**STAGE FOUR** – the attention will be turned to the bridal party; once the all-important decisions regarding attire are confirmed, Elysium Weddings will organise gift registry, family logistics and rehearsals in the final approach to the big day.

**STAGE FIVE** – your wedding day has finally arrived, and Elysium Weddings will organise and co-ordinate the entire day's events. They will ensure proper communication between the reception venue, kitchen staff and bar manager, provide vendors with continuous updates, collect all gifts and deliver them to the bridal suite and, in short, guarantee that the day runs seamlessly.
